Brief description of Rummage Sale Items (required information)

Welcome to the 2022-2023 School Year

It is my hope that you are having a fun and enjoyable summer as a family. Now that July is moving along quickly it is once again time to prepare for the upcoming school year. We at Lakeview are looking forward to another exciting school year. The 2022-23 school year will begin on Wednesday, August 24th. Our staff is excited and have been busy preparing for what will be a great year for our students. The district will be holding an open house for parents and students on Wednesday, August 17th from 5 pm to 7 pm. This is a great time to meet the teaching staff and get basic questions answered in areas such as transportation, schedules, student health, and to learn more about our student information platform called "Synergy". I would also like to point out that many resources, such as student handbooks and other forms, can be found on our updated website at www.lakeview2167.com.

As you visit the school this fall, you will notice some facility enhancements that have occurred over the summer. We have installed new flooring in classrooms, kitchen, and locker rooms, upgraded lighting and floors in our main gymnasium, renovated locker rooms, upgraded camera and intercom systems, replaced exterior doors, and finished some extra-curricular enhancements such as bleachers and concession stand spaces. We are very blessed to have such a supportive community. The community has responded repeatedly in supporting referendums to provide top-notch facilities and other resources, which have allowed the district to offer preschool programming, excellent elementary curriculum & experiences, college-in-the-school programs, career-technical education electives, and technology used to personalize learning. We are also very fortunate to provide numerous extra-curricular options for our students. The world we live in is constantly changing and education is no different. It is our goal as the Lakeview staff to provide our students with the best education possible in a respectful, caring, and safe school environment. It is our hope that your child(ren) will experience educational growth in a technology rich environment and develop a passion for learning which will last them a lifetime. This is only possible through communication and collaboration. The staff, parents, and students need to partner and work together to ensure the best results possible. Please know that staff members at Lakeview are always willing and available to help answer questions or address any concerns that you may have.

We welcome your educational involvement as a member of the Laker family. Your involvement might range from simply showing more of an interest in your child's experiences at school, volunteering in your child's classroom, or it could include making a commitment to reading with your child every day. Whatever you do, just remember the positive impact a caring parent, guardian, or grandparent can have on a child. If we all pull together and support each other's efforts, our children at Lakeview will continue to achieve great things.

Please do not hesitate to call me at (507) 423-5164 ext. 1305 if you would like to visit about your child or the future of the Lakeview School District. Best wishes for a wonderful 2022-23 school year!

Chris Fenske
Superintendent

Adult Basic Education

The mission of Adult Basic Education in Minnesota is to provide adults with educational opportunities to acquire and improve the literacy skills necessary to be self-sufficient and to participate effectively as productive workers, family members, and citizens.

Along with supporting the above mission statement, Southwest ABE prioritizes the goal of assisting students in gaining skills to obtain meaningful employment. Southwest ABE sees the priority of employment training as the most effective means of assisting our students in all areas of their lives.

Classes are for those who need to review math, reading, or English skills. Basic typing and computer use are also taught.

ESL

English as Your Second Language

This is instruction to those whose native language is not English. ESL classes from the pre-literacy level to the advanced level help students develop speaking, listening, reading, writing, and grammar skills, allowing students to communicate effectively and function successfully within their workplaces, communities, and families.

GED

General Education Development Tests

This is a program which prepares students to pass the examination for a national high school equivalency diploma that includes a set of four computer based tests (Reading through Language Arts, Mathematical Reasoning, Social Studies, and Science).

EVERY FAMILY COUNTS!

Are you on the school census?

Being on the census ensures that you will receive ECFE mailings, be notified for Early Childhood Screening, and receive Kindergarten information when your child becomes eligible to attend. This information also helps determine the funding our school receives and helps us plan programs and services. Call 507-423-5164 ext. 1320 if you have recently had a baby, adopted a child, moved to this district, and/or changed your address.

CENSUS FOR SCHOOL DISTRICT #2167

If new to Cottonwood or Wood Lake or if you have a child 0-4 years old, contact Lakeview School at (507) 423-5164 Ext 1320 or complete this form and mail to: ECFE, 875 Barstad Rd North, Cottonwood, MN 56229

Cottonwood
Area Community Foundation

The Cottonwood Area Community Foundation (CACF) is a non-profit community foundation connecting people and investing in ideas to better our community. The CACF was formed in partnership with the Southwest Initiative Foundation (SWIF), and is led by a local advisory board tasked with fundraising, grant making, and educating the community about the local foundation's mission and vision. Supporting this foundation helps our community thrive.

ECFE

ECFE is a program for all Minnesota families with children between the ages of birth to 5. ECFE is based on the idea that the family provides a child's first and most significant learning environment and parents are a child's first and most important teachers. ECFE's goal is to enhance the ability of all parents and other family members to provide the best possible environment for their child's learning and growth.

Lakeview ECFE runs monthly classes in the evening. Join us for an evening of play and learning with your child.

**We need a minimum of 6 children registered for a class by the deadline, or it will be canceled.*

Lakeview Community Ed/

Early Childhood Education

EARLY CHILDHOOD SCREENING

Do you have a child between the ages of 3 to 5 years? Early childhood developmental screening helps a school district identify children who may benefit from district and community resources available to help in their development. Early Childhood Developmental Screening includes a vision screening that helps detect potential eye problems, but is not a substitute for a comprehensive eye exam. Your child must be screened in order to attend School Readiness, Head Start or Kindergarten in Minnesota Public Schools.

Lakeview offers Early Childhood Screening at least four times a year. Screening packets will be mailed to all eligible families we have on our census. Make sure to give us a call and have your child's name added to our census or fill out the census form found in our newsletter. If you have questions, please call 507-423-5164 Ext 1320.

NEW LAKEVIEW LAKER BABIES!

Congratulations on the birth of your child! If you live in the Lakeview School District, please call us at 423-5164 Ext. 1103 and make arrangements to pick up your special ECFE baby bag.

WINTER CRAFTS AND GINGERBREAD HOUSE

Facilitators: ECFE Staff

Ages 2-5

Children and parents, join us for a morning of holiday crafting and fun! Spend time bonding as you work together creating holiday projects that can be used as gifts for family and friends or kept as treasured memories for yourselves. Don't forget about the gingerbread house. Even if you have made a gingerbread house in the past every gingerbread house is unique! We will provide the decorations, all you need to do is show up ready to decorate. You may want to bring an ice cream bucket or box to transport your treasures.

Deadline: December 3

Saturday, December 10

10:00 -11:00 am

Lakeview Commons

\$10 per child/\$15 per family

Message from Mr. Hanson, Grades 7-12 Principal, to "Laker Nation"

I hope everyone is enjoying their summer and we are looking forward to seeing everyone at the "Back to School Open House" on August 17th to kick-off the 2022-2023 school year. At Lakeview we believe it is important for families and schools to work together and share responsibility for student success. We want our students to know the importance of our teachers and families investing and supporting their work at school as well. Classroom and school expectations are set at a high standard at Lakeview and communication is the key for academic success and early intervention if your student is struggling.

"The Laker Way" is our foundation of one school and one heartbeat. We take pride in not making excuses, making great sacrifices, doing what is right, dreaming big and representing our community, school, families and ourselves to make Lakeview Schools the best. Being a part of "Laker Nation" is something special and we feel that nobody has it better than us. This year, in working with our administration, we have decided our theme to be "Climbing Higher". When a bamboo tree seed is planted, it is so hard that it will do nothing for almost four to five years. Nothing happens in the first year or the second, not the third or the fourth. You have to water and care for that seed all those years, and once it breaks the ground it grows 90 feet in a few weeks. This is the year our students, like the bamboo seeds, will "Climb Higher" than ever before due to the nurturing and care of our parents, families, teachers and our school staff.

We are excited to introduce our new Elementary Principal & Curriculum Director, Mr. Corey Boe! Corey is coming to the Lakeview School District after serving as Assistant Middle School Principal for Marshall Public Schools for the 2021-2022 school year. Prior to transitioning into administration, Corey was an Elementary and High School PE/Health Teacher and Instructional Coach/Tech Integrationist for the Graettinger-Terril School District in Graettinger, Iowa for 13 years. Corey also coached multiple junior high and varsity baseball teams during his time there. Corey is originally from Redwood Falls, MN, the son of 2 teachers. He has his Masters in Physical Education from Southwest MN State University and his Advanced Studies Certificate in Principalship from the University of Northern Iowa. Corey and his wife Kristen have been married since 2010 and have 2 children together: Addison (5th grade) and Jaden (Kindergarten). They also have 2 dogs named Rizzo (Cavalier King Charles -1) and Kirby (German Shorthair- 13). The Boes can usually be found outside with their kids and dogs, biking, boating, or inside watching marathons of The Office or Number Blocks together. The Boes are excited to be part of the Laker family!!

We have great teachers and staff at our school. Our teachers know and understand that students are our number one priority and they will work hard to ensure that they have the best educational experience as possible. We remind you that we want to improve student achievement, improve community collaboration and maintain a respectful, safe and caring school environment.

Here at Lakeview, we like to think of ourselves as a family. The word F.A.M.I.L.Y means "forget about me I love you" ensuring it is not about some of us, it is about all of us. This includes students, staff, parents and community members. All of us need and want our children to thrive and it takes all of us to work together to make that happen.

Sincerely,
Scott Hanson

LAKEVIEW SCHOOL DISTRICT #2167 2022-2023 School Year Official Notices

Indoor Air Quality

Lakeview School District #2167 is proud to be taking a leadership role in providing a safe, comfortable, and productive environment for our students and staff so that we can achieve our core mission—educating students. Our school district will follow the EPA guidance to improve our Indoor Air Quality (IAQ) by preventing as many IAQ problems as possible, and by quickly responding to any IAQ problems that may arise. Good air quality requires an ongoing commitment by everyone in our school because each of us daily makes decisions and performs activities that affect the quality of the air we breathe.

School district staff, students, and parents can obtain checklists or self-help information so they can properly evaluate their child's home or other out of school situation by contacting the superintendent's office. Staff and parents can also obtain information about school facility construction, maintenance and housekeeping practices, chemicals used, mold and HVAC related information, chemical producing academic subjects, and pesticide and herbicide applications to determine the extent to which school activities contribute to a child's symptoms by contacting the school. The Lakeview School District #2167 Indoor Air Quality contact person is Mr. Darrell Dirckx, Head Custodian. If there are any questions regarding the school district's IAQ Program, please feel free to call the school at 507-423-5164, ext. 1419.

Asbestos

At this time, there is no known asbestos used in the construction of the current facility as documented by the architectural firm.

General Pesticide Notice

A Minnesota state law went into effect in year 2000 that requires schools to inform parents and guardians if they apply certain pesticides on school property. Specifically, this law requires schools that apply these pesticides to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at the school district main administrative office.

State law also requires that you be told that the long-term health effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully understood. If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule, please contact Mr. Darrell Dirckx, Head Custodian, 875 Barstad Road North, Box 107, Cottonwood, MN 56229, phone 507-423-5164, ext. 1419.

Cottonwood Area

FOOD PANTRY

The pantry is an outreach by the communities of Cottonwood and Wood Lake to make groceries available to our neighbors who may run short of food. Guests will be asked to complete a short, confidential registration form requesting standard information such as name, address, and ages of those living in the home.

Located next to Lotus 507 (used to be Hot Looks) on the corner of 1st and Main St.

DONATIONS:

We are accepting donations of money or shelf stable food items. Food can be left at the Cottonwood City Office, and monetary donations marked Food Pantry can be dropped off or mailed to:

Our Mission

Community Education provides lifelong learning opportunities for our communities. This is achieved by encouraging members of the community to share their talents and resources, thereby enriching the quality of life for all ages and abilities.
