Lakeside Companion Animal Clinic

As of June 10, 2021, we will be lifting some of our COVID precautions. Clients will be able to enter the building with their pets for appointments if they are wearing a mask. We understand that it is an important part of your pet's care to have you present. In an effort to continue to provide a safe working environment to our employees, some of whom cannot be vaccinated at this time, we will not allow any individuals into our building without a mask.

For anyone unable to wear a face covering, we are still able to provide curbside service. Curbside service is still an option for anyone wishing to continue to socially distance. We encourage anyone dropping off for surgery or drop off appointments or picking up food or medication to continue to use curbside. This would help us greatly in limiting our indoor traffic.

We sincerely appreciate everyone's patience and understanding throughout these strange & challenging times.
