### *Thank You*

We would like to thank everyone for the cards and expressions of sympathy. We appreciated all the kind words at the time of my mother's death, and also the death of our brother-in-law. Their lives were full and rewarding because of all the people they met throughout their lives.

## General Display of our Flag

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstuffs in the open. However, when a patriotic effect is desired, the flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness.

The flag should be hoisted briskly and lowered ceremoniously.

The flag should not be displayed on days when the weather is inclement, except when an all-weather flag is displayed.

The flag should be displayed daily, on or near the main administration building of every public institution... in or near every polling place on election days...during school days in or near every schoolhouse.

No other flag or pennant should be placed above or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea...for personnel of the Navy...when the church pennant may be flown above the flag.

No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any Territory or possession thereof: Provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in position of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.
